

Download Harley Vrod Owners Manual

Oil and Oil Related Topics - VRod oil brand and weight - Hi, I have been given conflicting information by 2 different harley dealers. I put sae 60 oil in my vrod about 1800 miles ago based on one dealers recommendation but was recently told by another dealer that it is too heavy. The brand I used was Valvoline racing...I think your dealer should invest in a new tire pressure guage. The tire pressures stated in the owners manual and on the steering neck are the pressures that the MoCo has determined to be the best for overall safety and performance.
