Drone Jobs Guide: How and Where to Find Work as a Drone Pilot or Industry Professional. Looking for a job as a drone pilot? Or just wondering what types of jobs there are in the drone industry?Photos of the recent test flight of the Ukpik HEF32 at the Arctic UAS Test Centre remote site near Iqaluit, Nunavut.Current technology has progressed to a point that small unmanned aerial systems (SUAS), essentially hobby sized remote controlled airplanes and helicopters, are more accessible now than ever before, both in terms of their relatively low prices and ease of flight control for new RC pilots.I appreciate this article and comments. I was reviewing the BLS website and ATP website FAST track program for information. BLS does not indicate a pilot shortage with 4% growth rate from 2016-2026.
