The Mercedes-Benz S-Class, formerly known as Sonderklasse (German for "special class", abbreviated as "S-Klasse"), is a series of full-sized luxury flagship vehicles produced by the German automaker Mercedes-Benz, a division of German company Daimler AG. For a complete overview of all S-Class models see Mercedes-Benz S-Class. The Mercedes-Benz W220 was a series of flagship sedans which constituted the Mercedes-Benz S-Class during the early to mid-2000s. Folks have often requested a general starting point for questions and research on the W220 S-Class, something akin to the Encyclopaedia Germanica vol. 107 on the BenzWorld R/C 107 forum. If your Mercedes-Benz was manufactured before 2012, updating the maps is very easy. You will need the latest map for your COMAND system. It can get tricky choosing the correct map for your model.
